

END OF SESSION STILL UNCERTAIN

Legislature May Be Extended
Over Sixty-Day
Period

(Special Dispatch)
STATE CAPITOL, March 3.—Although the sitting committees were supposed to be at work on the mass of bills in both house and senate this morning's sessions did not indicate they had taken many drastic steps and legislators were preparing for a stay in Salt Lake beyond the 60-day period.

Today is the fifty-third day of the Utah legislature and the attaches declared that some rapid work would have to be done in the next seven days or the hands of the clock will be stopped before they reach the hour which the law sets for adjournment.

SIX BILLS KILLED.
The house killed one bill and the senate five. Three of these bills were fathered by Weber county legislators. The house killed the Douglas bill making the issuance of fictitious checks a felony instead of a misdemeanor as at present.

The senate killed S. B. 115 abolishing the office of county road commissioner; S. B. 114 by Peter Jensen, relating to irrigation districts; S. B. 112 by David Jensen, relating to the fraudulent concealment of property being purchased by installments; H. B. 109, by Douglas, providing for the payment of fees for the defense of impetuous prisoners; and H. B. No. 1 by Morrison, calling for the appointment of special railroad police.

MOTOR VEHICLE LAW.
Among the bills passed on second reading in the senate was the S. B. 103 by Jensen, the lengthy motor vehicle law. Similar action was taken also on Southwick's bill for co-operative marketing, the farm income tax bill, the Southwick income tax bill was to come up in the senate this afternoon.

VETOES MEMORIAL.
Governor Charles R. Mabey today vetoed a house joint memorial to Congress to amend the transportation act in the making of intrastate rates. The governor gave as his reason for disapproval that such action at this time was inadvisable.

**HANDSOME OFFICER
ARRESTS THIS CHAP**

"It was that good looking officer that arrested me," said L. Mobley, while testifying in his defense when he appeared in the city court on a charge of vagrancy this morning. Every one followed Mobley's index finger as he swung his arm around in a gesture to indicate the "handsome cop."

He failed to locate the officer, but Detective Robert Chambers informed the court that Detective Dick Wootton had arrested Mobley.

Mobley pleaded guilty to a charge of vagrancy and was sentenced to a fine of \$10 or 10 days in jail.

"I'll take the 10 days," he said, as he left the court room.

LIQUOR POSSESSION**

Joseph Richardson, charged with having liquor in his possession, was arrested yesterday afternoon on a warrant, signed by Robert Arthur, a federal prohibition agent. He was released on \$300 bail.

Richardson's case was called in the city court this morning and Attorney George Halverson entered his appearance as an attorney for the defendant. He asked that the case be called at a later date and the case was set tentatively for Tuesday, March 15.

The arrest of Richardson, it is said by the police, is the outgrowth of raids made by federal officers in Ogden several weeks ago.

ALLEGED HOLDUP IS HELD FOR TRIAL

Lawrence Hamilton, 29 years old, arrested yesterday on a charge of highway robbery, waived preliminary hearing in the city court today and was bound over to the district court for trial.

Hamilton, the police say, was implicated in holding up E. E. Wane on Twenty-second street, between Lincoln and Wall avenues Tuesday night. A pawn ticket for the watch stolen from Wane was found in Hamilton's possession, the police say.

Hamilton, it is alleged, was sent to Fort Leavenworth a week ago from Salt Lake on a charge of counterfeiting. He was released from Fort Leavenworth on February 15 and came immediately to Ogden, he said.

Detectives Dick Wootton and Robert Chambers were assigned to the case and had the man under arrest within eleven hours after the holdup. When confronted with the evidence against him, he admitted his part in the affair. It is alleged the other man, who accompanied Hamilton and assisted him in the case, has not yet been apprehended.

NAVAL OIL LAND MAY BE SEIZED

WASHINGTON, Mar. 3.—Gas and oil wells held under placer locations on California and Wyoming naval fuel reserve lands revert to the navy, "diligent prosecution" of trespass or production is shown, the secretary of the interior decided today.

The leasing law enacted last year provides that leases be granted to present occupants whose wells on naval reserve lands were producing on that date. It therefore devolved upon the secretary of the interior to decide what was a producing well, as a number of wells had been suspended or abandoned. He declined to make a general definition, but in the first decision reached, which was in the case of wells controlled by The Associated Oil company, he granted leases where there was an indication of "diligent prosecution of work" and denied leases on the rest.

**LEAVES HIS AUTO
ON SIDEWALK; \$5**

Running his automobile over the curb in front of a confectionery store last night cost C. W. Clark of Wilson Lane \$5 when he appeared in the city court this morning on a charge of obstructing the sidewalk.

Clark claimed the brakes wouldn't hold and the car ran up over the curb. He left it as it stood and entered the confectionery store. Some time later he returned and was arrested by Officer L. L. Nelson. Judge L. J. Holther expressed an opinion that Clark was attempting to evade the traditional practice of broncho busting, whose spectacular entrances to bars was the byword of the west.

**REPUBLICAN CHIEFS

The meeting was addressed by three members of the next cabinet: Henry M. Daugherty, John W. Weeks and Will H. Hays.

The subcommittee on reorganization of party representation in the south was increased from five to seven members and ordered to tour the southern states to gather data required by the national body for action.

**DO YOU CATCH
COLD EASILY?**

HOW TO AVOID IT

Colds are due to germs. No one can prevent the germs from getting into your nose and throat. But you can help keep your blood strong, vigorous, "antibody" in your blood to fight and kill off the nasty "cold germs" before they do you any harm.

To develop these germ destroying "antibodies" properly you must have plenty of pure, rich blood and a strong, vigorous constitution—in fact, this is the best preventive against almost any disease.

If you are weak, nervous or run-down, or subject to colds, take no chances. One day's use of Nuxated Iron will develop your blood and you may go off like a shot. Therefore, commence to enrich your blood and fortify yourself against "disease germs" today. To build more nerves, there is nothing superior to NUXATED IRON as it contains organic iron like the iron in your blood combined with a product representing the principal chemical constituent of active living nerve force for feeding the nerves. Nuxated Iron has therefore been said to be both a blood and a nerve food. It often increases the bodily and mental vigor, strength and endurance in two weeks' time.

Over 4,000,000 people are using it annually. It has been highly endorsed by former United States senators, U. S. army generals, many physicians and prominent men. Even the pope at Rome mentioned it favorably in a communication to the proprietor of the Pharmacy Normale de Paris.

Satisfaction guaranteed or the manufacturer will refund your money. Beware of substitutes. Look for the word "NEXATED" on every package and the name "N. L." on every bottle. Sold by all druggists.
